

The Badger State Summer & Winter Games is a multi-sport Olympic-style sports festival for the residents of Wisconsin. An initiative of the Sports Authority of the Wausau/Central Wisconsin Convention and Visitors Bureau, a 501(c)(3) non-profit organization. The Badger State Games is officially recognized as a United States Olympic Committee State Games Program Participant and is part of the nationwide network of State Games of America and the National Congress of State Games. The Badger State Summer Games were established in 1985 and the Winter Games in 1989. We have a long history of providing quality events that allow athletes to compete in a sport of their choice for Gold, Silver, and Bronze Medals. If an athlete medals in the Badger State Games they have the opportunity to travel to the State Games of America, occurs every two years, and Represent Wisconsin and the sport they medaled in. However, it's not always about winning a medal, just participating in the games, doing your best, having fun and meeting old and new friends is really what the Badger State Games is all about. Thank you for considering participating in the games and joining the other 10,000 plus athletes state wide. We look forward to the future and continuing the strong tradition of the Badger State Summer & Winter Games. A Poster is provided to help spread the word about the upcoming games and please visit our website for complete information and details.
